

Sample Maths Questions for 7+ Admissions Assessments

Examples of questions that boys would be expected to tackle would be:

1. $35 + 47 = \square$

2. $7 + \square = 20$

3. The café is open for 6 days each week. It is open for 9 hours each day. How many hours is the café open each week? Show how you work it out.

4. There are six faces on a normal dice. Each face has a number of dots on it corresponding to the numbers one to six. How many total dots are there on two normal dice?
